

Grace-Focused Life Coaching Story

By Ken Jones, Pastor for Shepherding

One couple in our church family, through Grace-Focused Life Coaching, realized that they could use their God-given design and gifts to make an impact. Bruce and Sheryl implemented a specialized ministry plan. Sheryl pursued and obtained her Christian Life Coaching certificate through the *American Association of Christian Counselors* to start ***New Direction Coaching*** where she helps women achieve their dreams by using the *Career Direct Guidance System*. Bruce, using his training as a Certified Public accountant, helps couples as a Finance Coach to develop spending plans for their family's finances. Here is simply one example of many at OMPC who have found spiritual clarity in regards to their ministry calling through participating in this coaching process.

Grace-Focused Life Coaching taps into how God the Father's grace abounds with transforming power to fuel every Christ-follower to make a Spirit-inspired difference for the Kingdom. Coaching is NOT telling you what to do; it IS *drawing out* in you what God has already put into your life. It is designed to leverage all that is in your heart for maximum Kingdom impact. A coach is a people developer who through a powerful questioning strategy seeks to *show grace to all* to help them implement in their lives the *repent, believe, and fight* aspects of the *transforming power* of God's grace.

What is God in Christ drawing out in YOU to make a Spirit-inspired difference for the Kingdom of Grace?

To engage in this equipping process to become a Grace-Focused Life Coach, please email Ken Jones at kjones@ompc.org to find out when will be the next training opportunity.
